Fees and Payment Policies

Page 1 of 5

FEES AND PAYMENT POLICIES

Please refer to the attached table for current fees and co-pays for specific services.

Neuropsychological Evaluations: The Cognitive and Research Center of New Jersey, LLC (“CRCNJ”) bills per hour and applies this fee to all time associated with the evaluation, including all face-to-face time as well as the time that the doctor devotes to the review of records, scoring of tests, report writing, and communicating with other healthcare professionals in the interest of providing integrated healthcare. The total amount of time spent on each case varies and can range between 8 and 15 hours or more, depending on the specifics of each case.

Psychotherapy Services: The CRCNJ bills per 45-60 minute session for individualized, group, and psychoeducational sessions.

Neurological Evaluations: The CRCNJ bills per 60 minute session for new patient visits and 30 minute sessions for follow-up visits.

Cancellation / Missed Appointment Policy: A 48 hour cancellation policy is strictly enforced. Without 48-hour notice, all patients are responsible for paying for reserved and pre-preparation time at the **out of pocket rate**.

The CRCNJ reserves the right to utilize a legal collections process for any unpaid balances. If balances remain unpaid, even after multiple attempts to receive payment owed, a legal collections process will be employed by CRCNJ to collect outstanding balances. In such cases, the following information about the patient will be disclosed to the third party represented by the CRCNJ: name, address, social security number, date of birth, dates of service for which payment is due, amount owed.

Insurance Coverage: CRCNJ PARTICIPATES ONLY WITH TRADITIONAL MEDICARE with the exception of services performed by Roger Kurlan, MD.* If you are covered by a PRIVATE Medicare plan (i.e. Advantage plan), CRCNJ DOES NOT participate with your plan. As a courtesy to such patients, CRCNJ will bill you out-of-pocket at a reduced rate comparable to Medicare fees. Since many plans include benefits for neuropsychological, psychotherapy, and neurological services, the patient is responsible for learning about the relevant policies of his/her health insurance plan that may make reimbursement possible. In all cases, patients are responsible for any charges not covered by their insurance.

*If the patient **IS** insured by **Traditional Medicare as the PRIMARY carrier:*** CRCNJ will bill Medicare for the services rendered with the exception of the services performed by Roger Kurlan, MD.*. If Medicare accepts and agrees to payment, Medicare will pay 80% of the claim and often forward the claim to the secondary carrier. In some cases, secondary insurance will cover the remaining 20%. It is the patient's responsibility to be knowledgeable of his/her benefits. The patient is responsible for paying the 20% not covered by Medicare. If/when CRCNJ receives payment from secondary insurance companies to cover all or any part of the 20% co-pay, CRCNJ will promptly refund such payment to the patient. Therefore, a co-payment of 20%, payable by check or credit card, is required prior to any service rendered. The patient is fully responsible for any unpaid balances.

****Roger Kurlan, MD is currently an opt-out provider for Medicare. All Medicare patients must sign the opt-out agreement prior to the first appointment with Dr. Kurlan. Dr. Kurlan will be back on the Medicare panel as of January 1, 2019.***

*If the patient **IS NOT** insured by **Traditional Medicare as the PRIMARY carrier:*** **It is the patient's responsibility to pay The Cognitive and Research Center of New Jersey, LLC directly and seek reimbursement from their insurance carrier independently if s/he wishes to do so. This also includes patients insured by PRIVATE Medicare plans. Patients being seen by Dr. Kurlan whose carriers are AmeriHealth, Horizon BCBS or Qualcare may not be able to receive reimbursement from their carrier for services rendered by Dr. Kurlan at the CRCNJ and must sign the Private Health Insurance Reimbursement Agreement before seeing Dr. Kurlan.** Payment in full by cash, check or credit card is required prior to services rendered. For Neuropsychological Evaluations, payments will be collected in installments as outlined in the attached table. The CRCNJ will provide an invoice to each patient containing all necessary information for claim submission (i.e., procedure codes, and diagnosis codes, identifying information). Account balances must be paid in full prior to the Neuropsychological Feedback visit and release of reports. Reimbursements will be issued in a timely manner.

NEW JERSEY NOTICE FORM

Notice of Policies and Practices to Protect the Privacy of Your Health Information

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

The Cognitive and Research Center of New Jersey, LLC (CRCNJ) refers to CRCNJ and all employees/delegates.

I. Uses and Disclosures for Treatment, Payment, Health Care Operations, and Research

We may use or disclose your *protected health information (PHI)*, for *treatment, payment, and health care operations* purposes with your *consent*. To help clarify these terms, here are some definitions:

- “*PHI*” refers to information in your health record that could identify you.
- “*Treatment, Payment, Healthcare Operations, Legal Collections, and Research*”
 - *Treatment* is when we provide, coordinate or manage your health care and other services related to your healthcare. An example of treatment would be when we consult with another healthcare provider, such as your family physician or another psychologist. The professionals at the Cognitive and Research Center of New Jersey, LLC share confidential patient information in an effort to work as a collaborative team in the delivering of patient care.
 - *Payment* is when we may assist you in obtaining reimbursement for your healthcare. Examples of payment are if we disclose your PHI to your health insurer to help you obtain reimbursement for your healthcare or to determine eligibility or coverage or when payment is made by credit card. In order for the CRCNJ to bill the credit card company, the following information will be released: the cardholder’s name, date of service for which cardholder is being charged, and the amount owed.
 - *Healthcare Operations* are activities that relate to the performance and operation of my practice. Examples of healthcare operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.

-*Legal Collections* is when the CRCNJ employs a legal collections process for unpaid balances. As outlined in the Fees and Payment Policies, in such cases, the following patient information may be disclosed to a third party - name, address, social security number, date of birth, dates of service for which payment is due, amount owed.

- *Research* is when you consent to participate in a research study conducted at CRCNJ. Monitors and auditors bound by HIPPA regulations may access your PHI in order to verify the work of our research team.

- “*Use*” applies only to activities within our [office, clinic, practice group, etc.] such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- “*Disclosure*” applies to activities outside of our [office, clinic, practice group, etc.], such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

We may use or disclose PHI for purposes outside of treatment, payment, and healthcare operations when your appropriate authorization is obtained. An “*authorization*” is written permission above and beyond the general consent that permits only specific disclosures. In those instances, when we ask for information for purposes outside of treatment, payment, healthcare, and research operations, we will obtain an authorization from you before releasing this information. We will also need to obtain an authorization before releasing your psychotherapy notes. “*Psychotherapy notes*” are notes we have made about our conversation during a private, group, joint, or family counseling session, which we have kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) we have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

III. Uses and Disclosures with Neither Consent nor Authorization

We may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If we have reasonable cause to believe that a child has been subject to abuse, we must report this immediately to the New Jersey Division of Youth and Family Services.
- **Adult and Domestic Abuse:** If we reasonably believe that a vulnerable adult is the subject of abuse, neglect, or exploitation, we may report the information to the county adult protective services provider.

- **Health Oversight:** If the New Jersey State Board of Psychological or Medical Examiners issues a subpoena, we may be compelled to testify before the Board and produce your relevant records and papers.
- **Judicial or Administrative Proceedings:** If you are involved in a court proceeding and a request is made for information about the professional services that we have provided you and/or the records thereof, such information is privileged under state law, and we must not release this information without written authorization from you or your legally appointed representative, or a court order. This privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. We must inform you in advance if this is the case.
- **Serious Threat to Health or Safety:** If you communicate to us a threat of imminent serious physical violence against a readily identifiable victim or yourself or the public and we believe you intend to carry out that threat, we must take steps to warn and protect. We also must take such steps if we believe you intend to carry out such violence, even if you have not made a specific verbal threat. The steps we take to warn and protect may include arranging for you to be admitted to a psychiatric unit of a hospital or other healthcare facility, advising the police of your threat and the identity of the intended victim, warning the intended victim or his or her parents if the intended victim is under 18, and warning your parents if you are under 18.
- **Worker's Compensation:** If you file a worker's compensation claim, we may be required to release relevant information from your mental health records to a participant in the worker's compensation case, a reinsurer, the health care provider, medical and non-medical experts in connection with the case, the Division of Worker's Compensation, or the Compensation Rating and Inspection Bureau.

There may be additional disclosures of PHI that we are required or permitted by law to make without your consent or authorization, however the disclosures listed above are the most common.
